PROFESSIONAL SUMMARY

Haitian data analyst and tech entrepreneur trained in computer engineering. I combine data analysis, artificial intelligence, automation and digital marketing to turn concrete needs into useful digital solutions, from data collection to a live product. Involved in community and educational initiatives in Haiti.

EXPERIENCE

Data Analyst & Consultant — 2024 – 2026

Freelance

- Collected, processed, structured and analyzed complex datasets to inform decision-making.
- Designed digital survey tools and deployed quantitative questionnaires in the field.
- Used AI solutions to automate and optimize analytics workflows.

Co-manager — Community Savings Fund — Since 2019

Social and solidarity economy initiative

- Co-designed and financially managed a community savings fund for micro-entrepreneurs.
- Provided personalized member follow-up, organized operations and raised budget awareness.

Digital Marketing & Analytics Specialist — 2019 – 2020

Optimal

- Designed and strategically deployed digital advertising campaigns.
- Analyzed KPIs with Google Analytics to measure campaign performance.

ENTREPRENEURIAL PROJECTS
